# Testimonials

**Hussein ElSafy**

Digital Transformation  
Advisor - GIZ

"Our collaboration with Silver Key Technologies has been nothing short of exceptional. What truly stands out is their unwavering spirit of cooperation and commitment to acting as true partners in our endeavors. Their willingness to go above and beyond fosters a sense of unity, making it evident that we're not merely client and service provider but cohesive allies striving for the best possible outcomes. This synergy continually fuels our drive to achieve excellence and attain optimal results."

**Elsayed Mostafa**

program Manager -  
USAID Economic Court Activity

"SilverKey's expertise and commitment to innovation have significantly enhanced our operations and streamlined our processes. The transition to the automated system developed by SilverKey has been seamless, resulting in increased efficiency, improved data accuracy, and enhanced transparency. I wholeheartedly recommend SilverKey to any organization seeking to modernize their operations and leverage the power of technology."

**Hamed Mahmoud**

Principal, Access Bridge Ventures

"SilverKey Technologies' deep technical expertise and thorough approach have been invaluable in assessing the technological capabilities and scalability of potential investments. Their ability to quickly evaluate the technical foundations of startups has significantly enhanced our decision-making process. We highly recommend SilverKey Technologies to any venture capital firm seeking a reliable and knowledgeable tech DD consultant."

# Testimonials

**Amr Taha**

Head of International Organization  
for Migration, Cairo Mission

"I would like to thank SilverKey Technologies's dedicated team for the great efforts of designing and executing the AVRR Map platform, it is very user friendly, informative and got a great positive feedback from our colleagues and users"

**P&G Technology Center Team**

"We had the opportunity to collaborate with SilverKey on one of our digitization projects, and I am delighted to provide this testimonial for their outstanding services. SilverKey showcased remarkable business understanding, responsiveness, and a high level of professionalism. They proved to be a reliable and trusted partner, consistently demonstrating their commitment to our project's success."

**Tamer Fahmy**

Chief Information Officer, CIB

"The result was fantastic and impressive. Accordingly, we decided to expand this project to other phases. Including integrating the application with Oracle HRMS and iRecruitment. Also as a direct result, the bank decided to use Silverlight in the Bank's web site and instructed the team building it to adopt this technology that we now believe will help us presenting the bank's deserved image."
